Registration Period: 22 Aug 2020 to 21 Aug 2024

Welcome to DPSIS

DPS International School provides an academic environment which treats each child as a unique individual who is facilitated to develop to his/her full potential.

The DPS learning experience offers a practical approach to the theoretical framework relevant to today's dynamic global scenario.

High standards of learning experiences for all children ensures academic excellence.

Stimulating learning environment for multiple intelligences.

Happy, caring, enriching and secure environment for all.

VALUE IN ACTION

Success is the result of empowering our learners with the positive values and attitudes necessary for a happy life!

STUDENTS' PLEDGE

I PLEDGE TO BE HONEST, HELPFUL AND DISCIPLINED
I PLEDGE TO KEEP MY WORLD CLEAN AND LITTER FREE
I PLEDGE TO SPEAK WITH KINDNESS AND COURTESY
I PLEDGE TO RESPECT ALL MEMBERS OF MY SCHOOL COMMUNITY
I PLEDGE TO HONOUR MY SCHOOL
I PLEDGE TO STRIVE FOR EXCELLENCE IN ALL THAT I DO

Our strengths

DPS is known for 20 years of Excellence in education in Singapore and is the epitome of holistic development.

Our curriculum, teaching strategies are time tested and have evolved over seven decades.

240,000 sq ft campus is well spread and houses best of facilities for its students.

Your children are not your children.
They are the sons and daughters of Life's longing for itself.
They come through you but not from you,
And though they are with you, yet they belong not to you.
You may give them your love but not your thoughts.
For they have their own thoughts.
You may house their bodies but not their souls,
For their souls dwell in the house of tomorrow,
Which you cannot visit, not even in your dreams.
You may strive to be like them, but seek not to make them like you.
For life goes not backward nor tarries with yesterday.
You are the bows from which your children are living arrows are sent forth.
The archer sees the mark upon the path of the infinite,
And He bends you with His might that His arrows may go swift and far.
Let your bending in the archer's hand be gladness;
For even as He loves the arrow that flies,
So He loves also the bow that is stable.

- Kahlil Gibran

Our aims and values for our pupils...

Our mission

DPS will continue to be a happy school for its students and enablers, facilitating curricular and co-curricular knowledge to a brimful measure thus enabling them to be future ready and able leaders.

Our vision

DPS aspires to live by our motto "CARPE DIEM", seizing each moment to shape the learning environment of the future, applying all acquired knowledge with scientific reasoning, humanity and wisdom for a happier society.

Our values

To be a **CLASS** apart

CARING – An Inclusive and Supportive Environment.

LEARNING – Grooming Life Long Learners.

ACHIEVING – Achieving Milestones and Setting Benchmarks.

SHARING – Sharing Our Joys, Dreams and Goals.

SOCIAL RESPONSIBILITY – Building a Better Future Today.

Motto - Carpe Diem

CARPE DIEM, originally from the Latin phrase "Carpe Diem quam minimum credula postero" means "seize the day."

A Happy School, DPSIS at Singapore is founded on the principles of Nurturing the 'Entrepreneurial Dare'

On 19th April 2004, we created our very own brand of 'Happiness' and from our very first year we have believed that all students are happy when they can thrive in an inclusive environment that embraces a diversity of talents and intelligences. As the school grew, so did the DPS Family spirit that creates happiness by building positive friendships and forging relationships. DPS International School was founded with the aim of incorporating the best practices of Indian and western educational institutions.

Fostering the entrepreneurial spirit while developing student leadership skills has been a key focus of the institution for the past years. Our proactive Student Council teams, House Captaincies and diverse Leadership Roles are instrumental in fulfilling our vision of students acquiring fluencies in diverse areas – leadership, ethical decision making, communication and team work.

At DPS we seek to widen our focus beyond successful teaching and learning of the prescribed curriculum. While we have a range of assessments and test cycles to ensure student achievement, we seek to equip students with essential skills to meet the challenges of the real world. Many of the values of a conscientious citizen are learnt by our students when they participate in a democratic process of making decisions and taking responsibility. A range of leadership and entrepreneurial skills are acquired by pupils in an environment that is supportive of student-led initiatives at all levels.

We have been inspired by Singapore's national effort to promote creativity, innovation and entrepreneurship. At DPS, the 'Entrepreneurs Society' was instituted with the same vision of preparing 'future ready' students for a world that needs more thinkers, innovators, creators and entrepreneurs. DPS has been actively working to offer a range of platforms for students to explore their passions and become risk takers - sponsoring students to attend workshops; promoting fund raisers, campaigns and charitable drives. Select students were also facilitated to attend an entrepreneurship programme at the Berkeley Business Academy for Youth and the experience enabled our students 'to step into the world of business empowered not only with skills but also a sense of social responsibility'.

The DPS Business Club also plays a critical role in offering entrepreneurship education at all levels. The business fairs and fundraisers are highly anticipated events that effectively bridge the gap between theoretical models and the real world. "It is gratifying to witness the impact of the Business Fair, which not only helps students learn about entrepreneurship, but also aid their personal development as they display initiative, confidence, teamwork, organising talent and communication skills", stated the DPS Business Club Mentor, Ms Leena Gupta.

To nurture the diverse competences that can help our students thrive in a knowledge-based economy, members of staff serve as mentors to the student leaders, facilitating interaction between the school administration and the student body. The efforts to nurture the spirit of enterprise has borne fruit with our students securing seats in highly ranked universities around the world, most notably, NYU Stern School of Business, MIT, NUS, among others. 'I feel indebted to DPS Singapore for guiding me through an important phase of my life and I hope that the values I learned will lead me to more success in the future.' (Sahaj Sood, who studied Business at the Leonard N. Stern School of Business, US)

The most satisfying outcome for team DPS has been offering all students autonomy, voice and choice in what they learn to fulfill their bravest dreams. It was a proud moment for the school when its students won their way past 40 local and International schools to reach the grand finals of the National Science Challenge, organized by the Science Centre of Singapore. On academic front the school has set enviable bench marks for the best of the schools anywhere. They earned a very special space on the School Honour Board by being World Toppers in different subjects for three consecutive batches.

DPS takes great pride in ensuring every student of the school is on the stage during its Annual Days and on athletic tracks on each Sports Day since the time of its inception. A glorious joy of each student provides imprints on the 'soul' of the school for eternity.

For generations the morning ritual at schools has remained unchanged with the focus on order, discipline and punctuality. However, being a school, which continually revisits its practices, the teachers of Kindergarten and Primary experimented greeting each student in an innovative manner. The students are offered the choice of selecting their own greeting to start the school day - hug, hand shake, high five or jig - resulting in a beautiful moment of bonding between educator and learners and a joyful way to jumpstart a happy day at school! This new ritual increased our happiness quotient manifold! The school shared this practice on the social media. The heart-warming video posted on our Facebook page reached nearly 5 million people across the globe; garnered more than 108,000 views and 17,000 likes on Instagram, and went viral within hours of it being posted on the social media platform. This practice continues to be visited on the media and is still counting!

We are amazed at the transformation brought about by a simple change in our morning ritual, which is also a remarkable example of bottom-up innovation as the change was implemented by the teachers motivated to update existing practices.

As DPS, we shall continue to live our wisely chosen motto, Carpe Diem, that is each member of DPS shall continue to LIVE each moment, learning, seeking, setting new benchmarks with an ambrosial smile on each face signifying each moment that we are a Happy School !

“

As a happy school, we know Great Love is more verb than noun..

”

Our Aspirations

Our aspirations span (the seven C's)

St Luke's Elder Care residents

Yoga for A Diabetes Free Singapore

Family Fun Time @ Sentosa

Facilities at our campus

Our campus benefits from outstanding facilities including:

- Cricket & Soccer Ground
- 3 Cricket Practice Nets (DPS Cricket Academy)
- 2 Basketball Courts
- 2 Multimedia Computer Labs with latest hardware and softwares
 - Primary Computer Lab
 - Secondary Computer Lab
- 3 well equipped Science Labs
 - Physics Lab ◦ Chemistry Lab ◦ Biology Lab
- 3D Labs - Math and Science
- Cultural Activities Room
 - Dance Studio
 - Music Room
- Audio Visual Room
- Library
- Play Station
- Art Room
- Ample and safe Car/Bus Parking lots at three areas
- Health Room with Dedicated Doctor
- Vegetarian Canteen
- Transport Office
- Books and Uniform shop
- Smart Board

... one happy environment

“ The DPS Annual Sports Meet is the most anticipated event of the school calendar and goes beyond the conventional definition of sports by showcasing the widely varying interests and passions of our students – cheerleading, march past, yoga, drills and novelty events ensure full participation of the entire student body. ”

Excellence in sports...

Sports at DPS is a joyous celebration of freedom, camaraderie and cooperative interaction.

As children spend more and more time in confined, artificial spaces and battle increased stress and lifestyle related conditions, Sports @ DPS extends the gift of health to every Dipsite! From the attractive Kindergarten play area to the lush, expansive playing fields – comprising a soccer field, basketball and badminton courts, cricket pitches with astro turf and practice nets – we enable a wide variety of competitive and friendly sporting activities as we recognise the potential for learning and enjoyment which a rich and fulfilling playtime can generate.

The four Houses at DPS (Glacier, Lake, Oasis and Spring) help build a greater sense of belonging and school engagement besides offering leadership opportunities. The DPS Sports Council has a glorious record of expanding the scope of sporting activities at school in response to students' interests, and we have introduced bowling, swimming and road relay fundraisers to mention a few!

At DPS we hope to ignite a love for spending time outdoors in the midst of friends, besides nurturing passion, perseverance and discipline.

Beyond the curriculum...

Discovering talents, setting new challenges, developing life skills and building character - all in a fun filled 2 day-1 night camp organised by The Singapore Scout Association and Sands Leadership Development Centre!

At DPS we seek to widen our focus beyond successful teaching and learning of the prescribed curriculum. While we have a range of assessments and test cycles to ensure student achievement, we seek to equip students with essential skills to meet the challenges of the real world. We aim to be a thinking school seeking better ways of attaining our goals through participation, creativity and innovation.

All students can thrive in an inclusive environment that embraces a diversity of talents and intelligences. A range of activities – competitive, cooperative, creative and entrepreneurial – help empower our learners with not just skills and knowledge, but also the values and attitudes necessary for a full and satisfying life.

A creative approach to learning...

Young Chef

Culinary Art

Sand Art

Choir

Creative Canvas

CCAs - Literary Club, Young Chef, Handwriting, Go green, Discovery, Word Smith, Choir, Debate, Mad Scientists, SAS (Serious About Science), Culinary Art, Budding Artists, Clay modeling, Sand Art, Mathemagic, Origami, Painter's Palette, Business, Creative Canvas, Web Designing etc.

Every activity in school life plays a significant role in development of students. Co-curricular activities are an essential part of school life and helps in enhancing learning process of students at school. Co-Curricular activities are compulsory activities for every student. Co-curricular activities complement the academic curriculum so that every student gets to learn beyond the prescribed curriculum.

Co-curricular activities are designed to develop social skills, intellectual skills, moral values, personality progress and character appeal in students. It includes athletics, cultural events, Library activities, science lab activities, classroom activities, creative arts and meditation etc.

Learning Beyond the classroom...

Referred to as "third dimension of education," extra curricular activities (ECA) play an integral part in developing skills and fostering creativity, consistent with our policy of holistic education.

Chess

Basketball

Soccer

ECAs - Robotics, Abacus, Basketball, Badminton, Classical dance (Bharatanatyam/ kathak), Chess, Music & instrument club (drums, guitar, keyboard), Vocal Music, Modern dance, Soccer, Taekwondo, Yoga.

Yoga

BEYOND THRESHOLD OF EXCELLENCE AT 20

ACADEMIC EXCELLENCE

DPS International School is built on the reputation of over 19 years in delivering excellence in education. A valid Testimony to this reputation are a strong alumni and satisfied parents over the years.

BRIDGE COURSE

Curriculum Specially Designed for Bridge Course. Pre-requisites for the transition to Grade 2.

COMMUNICATION

The school has its own intranet facility. Alternatively parents may call the school or write in the child's Almanac.

Parents may also meet teachers any Monday, Wednesday or Friday after school, based on prior appointments.

FEE WITHIN THE BUDGET

DPS continues to look for feedback from parents and voluntarily engenders flexibility in financial matters for needy parents. Various parent friendly offers are ensured for helping parents directly and indirectly.

CHILD-CENTERED PHILOSOPHY

DPS International School provides an academic environment which treats each child as a unique individual and is facilitated to develop to his/her full potential.

The learning experience is through a practical approach to the theoretical inputs in today's dynamic global scenario.

Learning is an important resource for the child's social behaviour and personality. It equips a child to take on the world with confidence and blaze a trail through life, independently.

SPRAWLING CAMPUS

The school has a sprawling campus with spacious and well ventilated classrooms. The facilities will enable a holistic development of the child's abilities in academics, sports and extra curricular activities.

A huge sports field with cricket, basketball, badminton, tennis, soccer, table-tennis, three astro turf cricket pitches and a main central pitch for cricket practice and matches.

OPTIMAL AND CONTROLLED DIGITAL EXPOSURE

DPS does not allow hand phones or any other digital gadget to be used by the students during school hours. Students are permitted to bring hand phones post written permission from the Principal but these are deposited with respective class teachers and are given back to the students at the end of the school day. Relevance of this practice, we have no doubt, all our parents understand.

A DIFFERENT APPROACH

DPS provides a variety of learning experiences which promote integrated growth in all areas, be it physical, intellectual, moral or social. DPS goes beyond the regular classroom teaching. The school takes on the responsibility to closely monitor each student helping and steering the course of his/her area of aptitude, into chosen fields of specialization and success.

SEAMLESS RELOCATION

This point is more pertinent to the parents who find themselves relocated back to India during beginning or mid academic session. DPS makes sure that in such case(s) parents have no difficulties in finding select school for their ward(s). We have seen so during our 15 years of functioning at Singapore.

EACH STUDENT AN EMPEROR:

Be it studies, sports or Annual Functions, as a matter of policy, the school ensures that each student participates in all the activities of the school. Hidden talents are identified and nurtured with passion to see that our students are groomed as leaders who will lead from front in their tomorrows.

YEARS

DPS International School

SG 50

All Ready to Rock

Fostering talent...

Theme based EXCURSIONS...

DPS Students were invited to visit INS Sahyadri and IND Komorta in International Maritime Defence Exhibition (IMDEX-17) at Changi Naval Base, Singapore

- Reinforcing experiential and contextual learning.
- Enhancing classroom learning by making real world connections.
- Enabling first-hand experience of classroom lessons.
- Enhancing bonding with fellow students and improving their social and life skills.

National Science Challenge (NSC) Grand Finalist

DPS the only international school to have moved to the Grand Finale. The students who participated have studied in DPS since Nursery Grade.

FRIENDS OF SINGA - SINGAPORE KINDNESS MOVEMENT

DPS Students win accolades in Kindness movement a praiseworthy initiative of Singapore.

2nd Position – Sony Toy Competition

1st Rank in the IEO (International English Olympiad) conducted by SOF and British Council.

UNSW 'Top in the Country' award (English)

Pravasi Bharatiya Divas cultural integration congestion and accolades.

Developing excellence...

**The Science Buskers Festival
2nd Position in the Secondary Category**

The Science Buskers Festival 2nd Position in the Secondary Category
The Science Buskers Festival recognised DPS Teams' ability to combine scientific knowledge with the art of performance to spread the passion for science across Singapore!

DPSMUN 2019 :
Shaping the Future Today!

DIPSITES participated in the inaugural DPSMUN 2019, which witnessed our senior school change-makers finding solutions to real world problems and realising that with every positive action, we can make the world a better place!

Inspiring Tomorrow's Leaders...

“ From being an effervescent and carefree five-year old to the ambitious and diligent twelfth grader, DPS has watched me grow and certainly played a huge role in nurturing me. The teachers have always encouraged and stood by me through every phase in my formative years. Principal Sir’s immense motivation and belief in me is something I can never forget. I would really like to thank every teacher and Principal Sir for everything they have done for me. Whatever I am today would not have been possible without all of them. ”

Guidance for the future...

Srishthi Mishra
Bachelor of Business Administration
National University of Singapore

“DPS is my alma mater, 10 years and the memories are indefinite, something I'll truly cherish for the rest of my life; it is the place where I've built up a strong foundation for myself and a place which has strongly moulded my character. 10 years at DPS, and it is literally like my second home. I've definitely enjoyed thoroughly and made memories for a lifetime, but more than that I'll always remember the constant encouragement by all the inspiring teachers, which makes me who I'm today. DPS has helped me develop holistically, which will exceedingly help me in the years to come.”

“Being in DPS for 13 years has given me deep impressions of school-life and cherishable memories with loving teachers and amiable and unforgettable friends. What I am today is a personality cut out and shaped by my teachers who have taught me the virtues of hard-work, honesty and courage.”

Pallavi Sharma
Bachelor of Accountancy
Nanyang Technological University (NTU)

“I am truly grateful to all my teachers and friends for the enriching experiences I had both in and out of the classroom and for helping me discover things I never knew about myself. A big thank you to everyone at DPS who believed in me and let me be me!”

Vinuthna Kovvuri
Berkeley College of Letters and Science, Intended major- Economics
University of California

“Studying at DPS will remain the most memorable period of my life. From this institution I have received not only the best academic support that has allowed me to be recognized by the some of the best universities in the world, but also an abundance of love and friendships. Here, I have made a family.”

Admission process...

For Grade 1 to Grade 12- ICSE & Cambridge Curriculum:

Grade	Curriculum	Academic Year
Grade 1 to Grade 10	ICSE	April to March
Grade 11 & Grade 12	ISC	April to March
Grade 8 IGCSE (Foundation Year)	IGCSE	April to Dec
Grade 9 to Grade 12	IGCSE / GCE	Jan to Dec

For Pre School curriculum:

Nursery	April to March
Kindergarten 1 & Kindergarten 2	April to March

Age Criteria:

Age as on 1st April	Fit for Grade
2.5 Years	Nursery
3 Years	Kindergarten 1
4 Years	Kindergarten 2
5 Years	Grade 1
The same criterion will be applicable for further Grades.	

Documents for admission:

1. Birth Certificate copy.
2. Coloured Passport-Sized photograph (one each) of:
 - a) Mother
 - b) Father
 - c) Ward(s)
3. Immunization Record.
4. Previous Year Report card/Transcript.
5. Residential Permit-NRIC or FIN# (parents & child).
6. Passport copy (including first and last page) of :
 - a) Mother
 - b) Father
 - c) Ward(s)

Note: Original documents to be submitted for verification.

Office hrs:

Monday to Friday: 9.00am - 4.00pm
Saturdays: 10.00am - 2.00pm

For more information visit our website:
www.dps.edu.sg

STEPS for Admission:

- Step 1** Fill in the Online Enquiry Form or approach school.
- Step 2** School admission department will contact the aspirant parent within two working days.
- Step 3** Admissions counsellor will explain the enrolment process.
- Step 4** Followed by assessment test, subsequent procedure will be communicated.
- Step 5** A formal interaction with the Vice Principal/ Principal.
- Step 6** Admission to the school will be subject to:
 - ◆ Age Criteria
 - ◆ Result of the Assessment Test
 - ◆ Previous academic results of two years.
- Step 7** On confirmation for admission, all applications are to be accompanied by an Application Processing fee of S\$2000, this is non-refundable. This fee will however, be adjusted towards Registration fee, Tuition fee & other components.
- Step 8** Subsequently Advisory Note and Student Contract will be formalised.
